

# ENS declarations

## A checklist *for trader of excise goods\**

- ✓ Ensure you and your haulier/intermediary register to TSS
- ✓ Ensure your haulier is registered to the Goods Vehicle Movement Service (GVMS) in order to get a Goods Movement Reference (GMR)
- ✓ Pre-notify the Excise Movement and Control System (EMCS) of the goods movement
- ✓ Ensure you have or can provide your haulier/intermediary with the data required to complete ENS (see below)
- ✓ You or your haulier/intermediary need to submit this data through the TSS portal at least two hours before goods are due to arrive in NI

- TSS completes import declaration requirements
- Your haulier populates GMR in GVMS using information provided by TSS

- Once GMR is completed, your haulier can board the ferry and move the goods

### What is an ENS?

ENS declarations will be required for all goods moved from Great Britain to Northern Ireland from 1 January 2021.

It is the legal responsibility of carrier to ensure safety and security information is declared via the ENS but other parties (trader, haulier or intermediary) may agree to complete it.

### How TSS supports ENS

The Trader Support Service (TSS) will provide a portal for registered traders, carriers and hauliers to provide Safety & Security data, which TSS will use to generate and submit ENS Safety & Security declarations to HMRC.

TSS will use this and further data provided by the trader to complete import declaration requirements.

\*For example, alcohol and tobacco

## Data requirements for ENS declarations

### Movement data

Type of movement  
Identity no. of transport  
Nationality of means of transport  
Your XI/EU EORI  
Arrival date/time  
Port of departure/arrival  
Place of loading/unloading  
Seal number  
Transport Document Reference  
Transport Charges

### Item data

Type of package  
Number of pieces/packages  
Gross Mass (KG)
