

Entry Summary (ENS) Declarations: Checklist for traders of sanitary and phytosanitary (SPS) goods [1/3]

Action

*One-time action Active step No action required

Ensure you and your haulier/intermediary register to the Trader Support Service (TSS).*

Ensure your haulier is registered for the Goods Vehicle Movement Service (GVMS) in order to get a Goods Movement Reference (GMR).*

Ensure you have obtained required certification – i.e., Export Health or Phytosanitary certificates.

Provide your haulier/intermediary with the data required to complete an Entry Summary Declaration (see following page).

Note: If you are registered for the UK Internal Market Scheme (UKIMS) ensure that the Importer EORI used on the Entry Summary Declaration is the EORI number aligned to your UK Internal Market Scheme (UKIMS) authorisation.

Submit this data through TSS Portal at least two hours before goods are due to arrive in Northern Ireland – you or your haulier/intermediary can complete this step.

 *TSS completes import declaration requirements.*

 *Your haulier populates GMR in GVMS using information provided by TSS.*

 *Once GMR is completed, your haulier can board the ferry and move the goods.*

What is an Entry Summary Declaration?

- Entry Summary Declarations are required for all goods moved from Great Britain to Northern Ireland.
- It is the legal responsibility of the carrier to ensure safety and security information is declared via the Entry Summary Declaration, but other parties (trader, haulier or intermediary) may agree to complete it.

What are sanitary and phytosanitary (SPS) goods?

- SPS goods are goods of plant and animal origin, which includes some manufactured goods.
- Traders must obtain the required certification for their specific products before moving SPS goods.
